

SATURA® PRO LOTION

Advanced leave-in lotion to help protect and reinforce hair from root to tip.

For strands that snap, split or weaken under stress, Satura Pro Lotion supports visible strength where it counts.

Satura Pro Lotion is designed to shield, smooth, and support hair that shows signs of wear. Whether your strands are frayed from heat, styling, or environmental stress, this lightweight leave-in helps refine texture and restore a healthier-looking structure, no rinse required.

Used regularly, it helps improve the appearance of resilience and manageability, while reducing the look of damage and dryness. The result: softer, smoother, more polished-looking hair with every use.

For hair that feels fragile, dull or frizz-prone, this is your protective reset.

What It Does

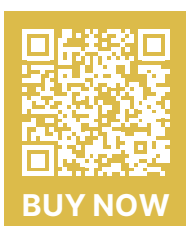

- ✓ Helps strengthen the appearance of split ends and fragile-looking lengths
- ✓ Smooths the outer hair shaft for a glossier, more refined finish
- ✓ Helps protect against environmental dryness and styling fatigue
- ✓ Softens the look of coarseness, static and dullness
- ✓ Enhances manageability and softness for easier daily styling
- ✓ Leaves hair feeling light, fluid, and noticeably smoother

Who It's For

- ✓ People prone to frizz, dryness, or breakage
- ✓ Hair that feels rough, stressed, or hard to style
- ✓ Fine, flyaway-prone textures needing control without weight
- ✓ Heat-styled, coloured, or chemically treated hair
- ✓ Anyone looking to improve the visible health of their lengths
