

EOS® PLATINUM PLUS LOTION

When dryness deepens and surface care isn't enough - Platinum Plus goes further.

EOS Platinum Plus Lotion is formulated for areas where the skin looks visibly dry, rough, or uneven - and where ordinary hydration has stopped delivering visible change.

With a blend of botanical extracts and mineral-rich compounds, it helps smooth the look of flaky or unbalanced areas while restoring softness, clarity, and surface refinement. Designed for more intense needs, this is your next step when the skin calls for visible calm, balance, and comfort.

Use daily on areas of the body that need more than moisture - they need transformation.

What It Does

- ✓ Helps reduce the appearance of flaky, coarse, or reactive skin
- ✓ Softens the look of thickened or stressed surface texture
- ✓ Supports visibly clearer, calmer-looking skin in hard-to-treat zones
- ✓ Leaves no oiliness — just light, fast-absorbing hydration
- ✓ Ideal for use on elbows, knees, shoulders, chest, or anywhere skin feels depleted
- ✓ Offers targeted cosmetic support with daily, visible impact

Who It's For

- ✓ Skin that looks dry, tight, or unbalanced despite regular care
- ✓ Areas where flakiness, roughness, or surface stress are visually noticeable
- ✓ Anyone seeking a botanical-based alternative to heavy creams or ointments
- ✓ People who use EOS Platinum Lotion but need something stronger in specific areas
- ✓ Those looking to restore a clearer, more uniform skin appearance without greasiness

WHERE SURFACE CARE
STOPS SHORT, PLATINUM
PLUS BEGINS.

BOTANICAL COMPLEX

Wheatgerm & Rice Bran Extracts – Help improve the appearance of dry, tired-looking skin with rich, non-greasy nourishment.

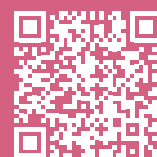

Rosa Majalis & Jasmine Flower Extracts – Traditionally used to promote the look of radiance and smoothness, especially on uneven skin.

Linden Extract & Glycerin – Deliver a gentle, rebalancing cosmetic effect for areas that appear dry, red, or flaky.

Kaolin & Aluminium Ammonium Sulfate – Help refine the appearance of surface texture and reduce visible buildup without irritation.

Vitamin P, Salicylic Acid & Boric Acid – Support a smoother, clearer-looking skin tone with light, sensory-friendly exfoliation.

Ascorbic Acid (Vitamin C) – Adds antioxidant benefit for visibly brighter, fresher-looking skin.
