

SATURA® B-COMPLEX LOTION

For scalps that feel dry, fragile, or out of balance - this is your daily reset.

Satura® B-Complex Lotion is a lightweight botanical formula designed to help improve the visible condition of the scalp. Enriched with traditional extracts and a high dose of cosmetic-grade B-vitamins, it supports the appearance of moisture, softness, and resilience - particularly in areas where the scalp may look dry, dull, or depleted.
