

# SATURA® ROSTA EYELASH BALM

For lashes that look sparse, weak, or tired -  
this is your cosmetic reset.

Satura® Rosta Eyelash Balm is a concentrated, oil-based formula developed for lashes that have lost their visual density, definition, or softness. Applied directly to the lash line, this daily balm helps improve the visible appearance of lash fullness, surface strength, and clarity.

Originally developed for those who had tried everything else, it delivers powerful, appearance-based support in a gentle, fragrance-free format. With consistent use, lashes look better defined, healthier, and more resilient - without extensions, serums, or synthetic tricks.

Where lashes fade, we restore the look of fullness. Where fragility shows, softness returns.
