

EOS® PLATINUM PLUS LOTION

Targeted antiseptic care for flushed, reactive, or visibly uneven skin - cosmetic clarity where it's needed most.

EOS® Platinum Plus is a precision-formulated lotion designed to help reduce the visible signs of redness, enlarged pores, and cosmetic imbalance. Developed as a next-level companion to EOS® Platinum, it delivers focused care for skin that appears reactive, patchy, or uneven in texture - especially in zones where regular hydration has stopped delivering results.

Infused with botanical extracts, vitamins, and mineral-rich actives, this fast-absorbing lotion helps refine pore appearance, visibly calm redness, and support the look of tone and surface strength. Its antiseptic properties offer clean, daily cosmetic care for those managing persistent visual concerns.

What It Does

- ✓ Supports the appearance of clearer, calmer, and more balanced skin
- ✓ Helps reduce the look of surface redness, flushing, or reactivity
- ✓ Refines the visible appearance of enlarged or open pores
- ✓ Enhances the look of tone and texture in delicate skin areas
- ✓ Offers non-greasy, antiseptic support as part of a targeted skincare ritual
- ✓ Complements the EOS® Acne Complex Treatment System

Who It's For

- ✓ Skin that looks red, flushed, or uneven in tone
- ✓ Areas prone to visible reactivity or cosmetic imbalance
- ✓ Individuals seeking support for roughness, pore size, or blotchy texture
- ✓ Those looking for a lighter, non-oily alternative to heavy creams
- ✓ Users of EOS® Gold or Platinum needing more intensive daily clarity

BOTANICAL COMPLEX

Rice Bran & Wheatgerm Extracts – Help soften and visibly condition stressed or flaky skin

Rosa Majalis & Jasmine Extracts – Support a smoother, more balanced surface appearance

Linden Extract & Glycerin – Deliver hydration and comfort without greasiness

Kaolin & Aluminium Ammonium Sulfate – Visibly refine the look of pores and uneven texture

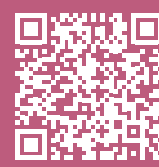

Starch & Bioflavonoids (Vitamin P) – Aid in the appearance of stronger, more uniform tone

Ascorbic & Salicylic Acids – Gently exfoliate and help restore a clearer, renewed finish

This advanced complex offers cosmetic support for skin that appears visibly uneven, flushed, or imbalanced - delivering a smoother, more refined result over time.

WHEN SKIN LOOKS
REACTIVE, WE CALM.
WHEN PORES APPEAR
ENLARGED, WE CLARIFY.
