

EOS® REJUVENATE LOTION

For tired, uneven or cosmetically dull skin - revitalising care when your skin (and you) feel depleted.

EOS® Rejuvenate Lotion is a daily-use botanical formula combining antiseptic care with visible nourishment, developed to revitalise skin that looks tired, flat, or uneven. When skin appears fatigued or lacks clarity, this lightweight lotion delivers refreshing cosmetic support without heaviness.

Formulated with mineral-rich sea algae, vitamin-infused botanicals, and conditioning plant extracts, EOS® Rejuvenate helps cleanse, comfort, and visibly rebalance the skin. With consistent use, it supports a smoother, brighter, more energised appearance - restoring the look of vitality when skin feels in need of renewal.
