

EOS® RUBY LOTION

For skin that looks pale, tired or uneven - restoring a healthier-looking tone with a natural blush.

EOS® Ruby Lotion is a daily-use botanical formula combining antiseptic care with complexion-nourishing actives, developed to improve the appearance of pale, tired, or cosmetically depleted skin. When skin lacks colour, vitality, or surface clarity, this lotion helps revive the look of freshness and balance.

Formulated with antioxidant-rich berry extracts, bioflavonoids, and conditioning botanicals, EOS® Ruby helps cleanse, refresh, and visibly energise the skin. With consistent use, it supports a healthier-looking complexion with improved tone and firmness - giving skin the appearance of a natural blush and renewed vitality, without heaviness or irritation.
